

## Yearbook sales!

Yearbook presales have commenced. There are 48 copies available at \$45.00 each.

This year there will be a new format. The first section, which will cover from the beginning of the year through state basketball, will arrive before school concludes for the year. Spring sports and graduation will be in the form of an insert, which will arrive later.

The support we get through sales is greatly appreciated; however, the yearbook is sustained through sales. We are selling our yearbooks at cost and get no revenues from any other sponsors. *If sales continue to decline we may have to forgo the yearbook in the future.*
